## **Diversity Pay Gap Report 2023**

# safestore

## **Executive summary**

We are pleased to share our Diversity Pay Gap Report for 2023, which includes ethnicity and gender data. For the second year running, we have chosen to voluntarily report on our ethnicity pay data, because we believe this is an important step in our journey to creating a diverse and inclusive workplace.

We were delighted that, in our recent Investors in People Survey, over 84% of colleagues agreed that Safestore is committed to diversity and inclusion.

Since our last Diversity Pay Gap Report, we have focused on encouraging colleagues to disclose their ethnicity and addressing any barriers to doing so. This has resulted in an increased disclosure rate of **85%** (versus 69% last year).

Our ethnicity pay gap is close to zero, at **0.2%**. We are aware that we have less disclosure of ethnicity in our upper pay quartiles so we will continue to encourage our colleagues to disclose their data to improve the accuracy of our reporting, as well as taking action to drive change. Based on current disclosure rates 31% of our UK workforce is from an ethnically diverse background.

Our gender pay gap of **6.5%** is well below the national gender pay gap of 14.3%\*. We currently have more men than women in senior leadership positions that attract higher levels of pay; therefore, this contributes to our gender pay gap. We also know that women are underrepresented in some industries from which we recruit, such as property and construction.

Building a diverse and inclusive workplace is a top priority for us. Our Diversity and Inclusion Strategy is about embedding and continuing the important work we've already done to enable all our colleagues to feel confident to bring their full unique selves to work.

## Pay fairness at Safestore

At Safestore, all colleagues are paid equally for doing the same or similar work. Our bonus schemes are open to all job levels and colleagues at the same level have the same bonus opportunity.

To attract and retain the highest calibre individuals, we aspire to become the employer of choice within our sector, maintaining a competitive reward package that balances fairness to the colleague with the responsible use of shareholders' funds.

We review our pay principles, which set out a framework for making decisions on colleagues' pay, annually. The aim is to:

- support the recruitment and retention of high-quality colleagues;
- enable us to recognise and reward colleagues appropriately for their contribution;
- help to ensure that decisions on pay are managed in a fair, just and transparent way; and
- create a direct alignment between Company culture and our reward strategy.

Our pay gap statistics can be affected by a range of factors, including the different number of positions held by women and people from ethnic minority groups across all roles.

- In accordance with the recommendations of the Parker Review, we have set a
  percentage target for senior management positions that will be occupied by ethnic
  minority executives by December 2027 of 18.3% (currently 8%).
- We are continuing to encourage existing colleagues to voluntarily self-report their diversity data. For new colleagues, we are integrating the collection of diversity data within our onboarding processes.
- We also collect data at different stages of our colleague 'lifecycle' to provide insight into who we are attracting and how we develop and retain them.
- We know the gender marker held by HMRC is necessary for payroll purposes, but we
  appreciate that not everyone identifies as the gender they were assigned at birth (that is,
  the gender written on their first birth certificate). We are in the process of updating our
  gender data collection forms by adding a supplementary question about gender identity.
- In our 2023 Annual Report, we expanded the section on equality, diversity and inclusion data to provide greater transparency.

- We have set a target for 2028 that our gender pay gap remains below the UK median.

- We have set out our Diversity and Inclusion Strategy, supported by our annual Diversity and Inclusion calendar.
- There are emerging network groups in place including advanced discussions to create a women's affinity group.
- We have been proactive in making Safestore more appealing to female recruits, with improvements made to our careers website and family-friendly policies.
- There are now four female Board members.
